

# **Solar PV Sale and Installation Agreement Terms and Conditions**

---

## **Introduction**

### **Who does this agreement apply to?**

This agreement is between:

[CF Solar Power Pty Ltd and ABN:56650982086], referred to as “we” or “us”; and  
the customer named in the Quote, referred to as “you”.

### **What is this agreement made up of?**

This agreement is made up of:

these Terms and Conditions; and

the Quote attached to these Terms and Conditions.

### **What does this agreement cover?**

The agreement covers:

your purchase from us of the solar photovoltaic system and other equipment, referred to as the "System" and described in the Full System Design attached to this agreement; and

delivery and installation of the System at your Premises.

### **When does this agreement start and end?**

This agreement starts when you accept our offer set out in the Quote, which you can do by:

signing and posting or delivering the Quote to our address as set out in the Quote;

signing, scanning and emailing the Quote to our email address as set out in the Quote; or

accepting the offer over the telephone, by calling our telephone number as set out in the Quote (in which case we will send you a full copy of this agreement, by post or email, within one week after your acceptance).

However, your purchase of the System will not become final until all of the following conditions have been satisfied:

you have paid us the Deposit; and

your electricity distributor (the company that actually delivers electricity to the Premises) has granted Grid Connection Approval.

This agreement ends when we have finished installing and commissioning the System, unless we or you end it earlier in accordance with its terms.

If we have delivered and installed the System, then after the agreement ends the guarantees and related terms in clause 11 will continue for the Guarantee Period.

### **Other rules**

In addition to this agreement, various laws and codes, including the Australian Consumer Law and, if we have volunteered to be bound by it, the CEC Solar Retailer Code of Conduct, also contain rules applicable to the sale and installation of solar photovoltaic systems, and we will comply with these rules in selling you the System and installing it at the Premises.
